GDC NO:- 54696 CQC REG.

---

### **Bio:**

Nigel qualified in 1980 with distinction from the university of Manchester Dental Hospital. The following year was a part as a House Officer at the Manchester Dental Hospital and the Manchester Royal Infirmary training in Oral Surgery and Special Needs patients.

Nigel is the head clinician of a specialist dental practice in South Manchester/North Cheshire. Their expertise lies in Dental Implantology/Implants, Cosmetic Dentistry, Aesthetic Dentistry, Endodontics, Orthodontics and treating Nervous & Anxious patients who require sedation.

In 2008 he graduated by examination from the University of Manchester with a master's degree in dental Implants/Implantology.

He is a past president of the British Academy of Aesthetic Dentistry [www.BAAD.co.uk](http://www.BAAD.co.uk) a member of the American Academy of Osseointegration [www.AD.org](http://www.AD.org) the Association of Dental Implantology [www.ADI.org](http://www.ADI.org) and was chairman & secretary of the local British Dental Association in the Stockport Branch.

Nigel is also an honorary clinical teaching fellow at the University of Manchester on the Master of Science (MSc) course in Dental Implantology since 2006 to the present. Post graduate students Inc: Qualified dentists attend for practical tuition and observation. To date over 100 students have attended his practice.

He regularly accepts referrals from other dentists for all aspects of Dental Implant treatment, often treating the most complex cases and patients who have failing or failed implants or other complex problems.

Nigel runs advanced courses on Dental Implant Treatment for implants for clients.

He has published extensively in the UK & German journals/publication on aesthetic outcomes in Implant Dentistry. And is a contributor the book by Dr George Romanos on immediate loading of Implants.
